

Students in grade 3 French Immersion from Mlle Mann's class have visited the Old Government House as part of their class enrichment project on The Acadians. Students were greeted by the Honorable Herménégilde Chiasson, New-Brunswick's lieutenant-governor. Dr. Chiasson is one of Canada's most accomplished cultural icons. His honour spoke to the grade 3 students about the history of Acadians and their important symbols.

Each student in Mlle Mann's grade 3 class has chosen a specific topic about the Acadians, studied it and are now preparing the final product of their research. They will be able to present their final product at their celebration on June 12th.

Keep up the great work grade 3! 😊
