

TORUNSKI HALL RESIDENCE

Each room is set up with two single beds per room with attached bathroom; a study desk/divider separates the room for privacy. The rooms contain ample space for clothes, storage, etc. Rooms are **NOT** equipped with towels, face cloths, or soap; fresh bedding **IS** provided. Occupants are expected to make their own beds. Rooms do not have radios, TV's, clocks, refrigerators, or air conditioning. TV's are located in the lounge area on each floor. Pay phones are located on each floor. The residence has 3 floors; no elevators. Torunski Hall is the Continuing Education Residence of the Maritime College of Forest Technology. In order to maintain a living environment conducive to learning, we ask you to note the following points:

- Torunski Hall is a smoke free environment.
- Coin operated washers & dryers are located on the 2nd Floor off the south stairwell.
- Check out time is 11:00 AM. When you check out, please lock the door, and leave your key on the desk in your room. A fee of \$10.00 will be charged for unreturned keys. In the case of damage to the room or residence, the occupant will be charged for repairs.
- Noise must be kept to a minimum. Quiet hours start at 11:00 PM.
- Visitors are welcome but must leave the residence by 11:00 PM. You are responsible for your guests.
- Pets are not allowed in residence.
- All beverages must be consumed from containers other than glass while outside your room.
- All rooms have active telephone lines and wireless internet service.
- Pay phones are located at the south end of each floor
- For emergencies only, family members can contact you by calling Security at (506) 452-6956
- Please direct immediate concerns to Torunski Hall's proctor, RM B-1, 1st Floor.
- Inquiries and requests can be made during regular office hours.

Room Rates:

Daily: Single occupancy = \$35.00 per night + 13% HST

Double occupancy = \$25.00 per person/night + 13% HST

PLEASE NOTE:

For all Torunski Hall residence requests, please contact Loretta Phillips at the Maritime College of Forest Technology at 458-0643.
