

Special Edition

Be an NB Approved Accommodation

We are pleased to announce that your accommodation can now be "New Brunswick Approved", as outlined in *Your Guide to Accommodation Inspection and Approval*. The complete guide, a fee schedule and an application form are now available at www.gnb.ca/tourism.

This guide is split into three sections, so that you can easily access the information. The first section explains the benefits of having your accommodation or campground "New Brunswick Approved".

The second section outlines the requirements necessary to be rated using the New Brunswick Eligible Accommodations Program.

In the third section, you can find information on having your property rated under the Canada Select/ Camping Select programs.

In order to have your property considered "New Brunswick Approved" and receive the benefits of this designation, it must be rated under one of these two programs. Please note that the deadline for applications is September 22, 2008 to ensure that you are included in the 2009 Vacation Planner.

If you have any questions or comments about the guide, the new program or any of the incentives, please contact Steve Galianos at 1-888-817-5577.

For more information please call 1-888-817-5577.
