Judy Wagner, Executive Council Office, Government of New Brunswick

Erik Denis, Executive Council Office, Government of New Brunswick

I am writing to express my view that Municipal Governments in New Brunswick must be subject to requests from the public under New Brunswick's Right to Information Act.

Thank you.

And while you are at it, if you would like to consider removing the ridiculous use of the words "Confidential Advice to Ministers" as a means of getting around open & transparent government; this action too, would be appreciated.

Regards,
