

Attention: Donald J. Savoie, Université de Moncton
Judy Wagner, Executive Council Office, Government of New Brunswick
Erik Denis, Executive Council Office, Government of New Brunswick

I wish to express my view that Municipal Governments in New Brunswick must be subject to requests from the public under New Brunswick's Right to Information Act.

Decisions made at the local level affect everyone in the municipality and therefore should be subjected to public inquiry. The only way this can happen is through the "right to information" act.

Thank you.
